### About I-Corps @ UCLA

Wondering if your research could have real-world impact beyond the lab? I-Corps is an immersive training program that facilitates the transformation of innovation to impact. Open to faculty, postdoctoral researchers, graduate and undergraduate students, research scientists, and staff.

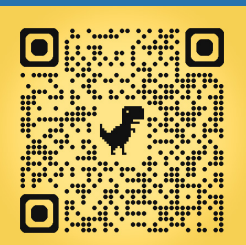

### Make It Happen

Evaluate lab-to-market opportunity through our four-session LAUNCH workshop covering:

- Lean Startup Methodology
- Business Model Discovery & Data Collection
- Customer Segments & Roles
- Value Propositions
